

Texas Adult Education and Literacy: Approved List of Distance Curriculum

Burlington Workforce

Audience:

Lower-level ABE and advanced ESL learners preparing for career pathways, IETs, postsecondary education, certification programs, or other workforce opportunities.

Burlington Workforce is designed as workforce preparation and may support learners preparing to transition into IET, postsecondary education, certification, or other career pathways. Approval as distance learning curriculum does not constitute approval as a substitute for the required workforce training component of an IET.

Model:

Clocktime

Criteria for Awarding Proxy Hours:

Actual time-on-task spent actively working in Burlington Workforce, as recorded by the Burlington platform. Proxy hours are based on time spent, not competency or certificate attainment.

Validation by:

Burlington's Time-on-Task reporting system tracks lesson completion, activity scores, and time spent. Reports can be generated by date range and viewed by program/consortium, site, class, or individual student.
