OBJECTIVES

- ❖ Understanding the current AEL Targets (231 and 243)
- ❖ Understanding Outcomes Measures for Programs
 - ❖ Credentials, Employed/Enrolled Q2 and Q2-Q4
- ❖ Define Measurable Skill Gains and Policy Guidance
 - ❖ Timeline of Changes
 - ❖ What are the types of Measurable Skill Gains (MSGs) for AEL
 - ❖ TYPE 1-TYPE 5 (New Type 1c and 1d-Approved June 2024 via OCTAE Memo, Changes to Workplace Literacy, Addition to Apprenticeship Services)
 - ❖ Required documentation/logging for MSG types
 - ❖ Examples of MSGs in context
 - ❖ Reminders/Planned MSGs
- ❖ Program Perspective on Performance – Brownsville ISD
 - ❖ Processes, Procedures, and Strategies for success

Understand Measures: What are the AEL Target Measures and Outcomes?

Enrollment Targets

231 Funding

Total Enrollment
IET Enrollment
Intensive Services Enrollment

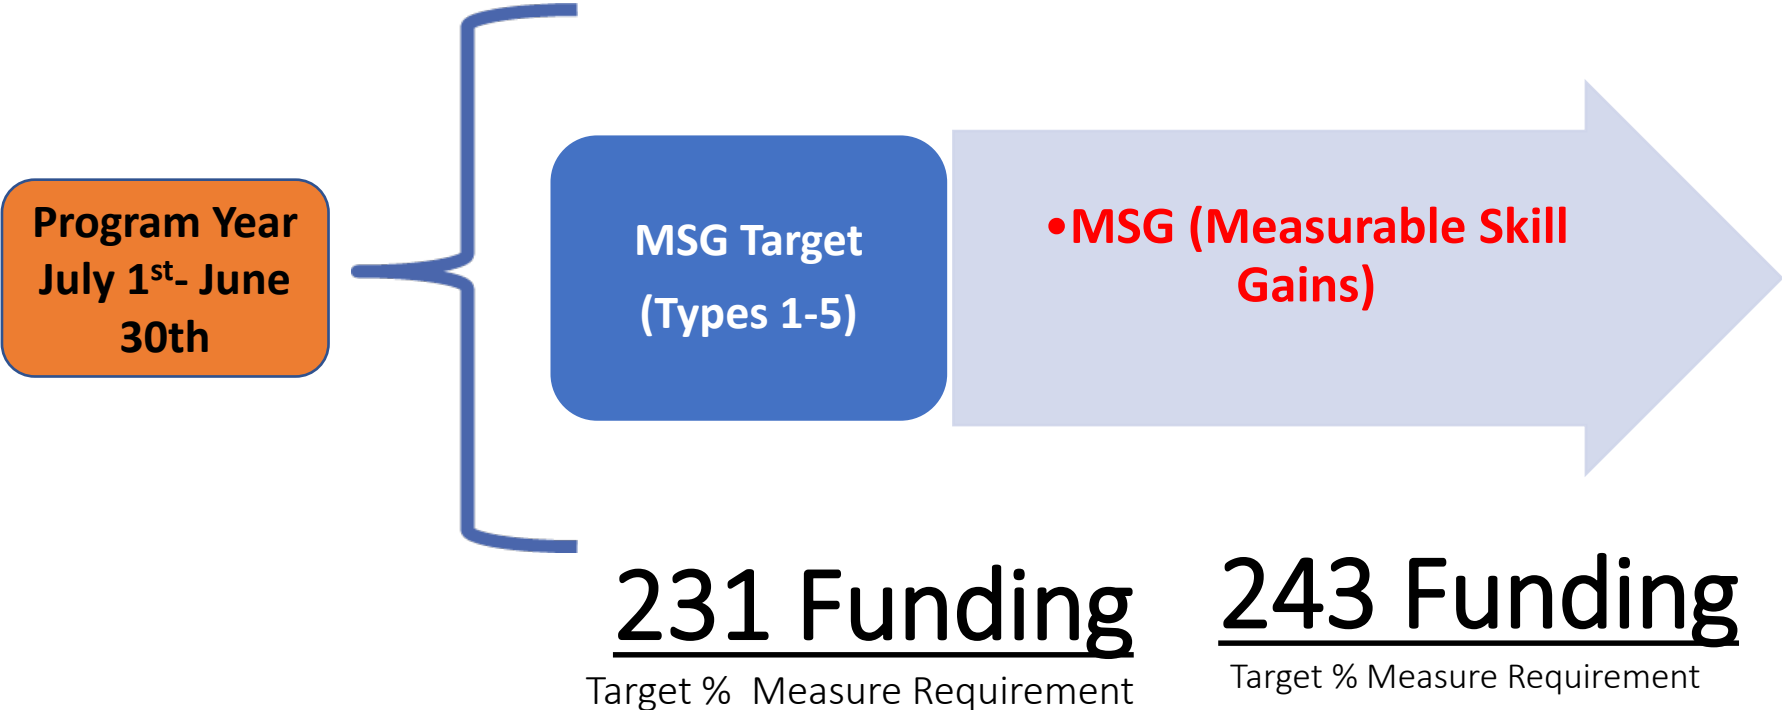

243 Funding

Total Enrollment
IELCE Enrollment
(Note you may serve ITPs with 243
funding, but no target is assigned)

Guiding Questions

- What is your current strategy for recruitment and outreach for each sub-category?
- What does your enrollments look like?
- What is your plan for assisting students with outcomes?
- Do you have a strategy in place for year-round services?

Measurable Skill Gains (MSGs) Outcomes

Exit Based Measures Credentials

Credential Attainment

231 and 243 Measure

% Calculated for certain participants after they exit the AEL Program

Credential Denominator (Unduplicated)

High School Equivalency

Anyone who lacks a HS diploma/HSE (PIRL) and

- Test ASE level (5-6) in all domains

OR

- *Takes and passes* at least one HSE test

- If they meet these conditions within their *period of participation*— you are on the hook for a credential outcome

IET

Any participant who is coded in TEAMS under any of the IET activity code(s) *within their period of participation*

Regardless of training completion

Credential Numerator

High School Equivalency

Must have attained their HSE while enrolled in AEL or *within* one year of exit

AND

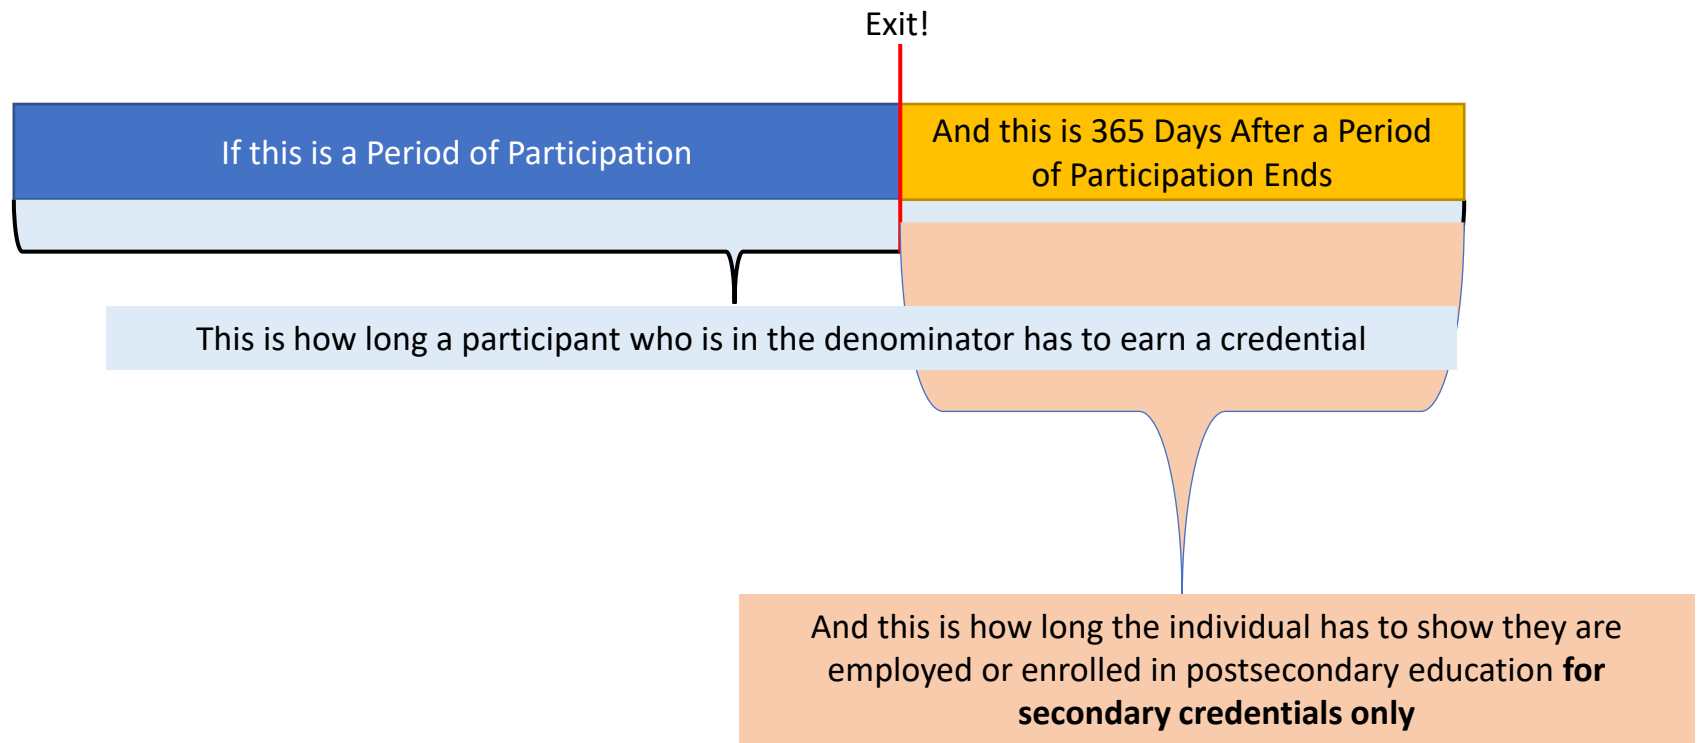

Enter into employment or post secondary education *within* one year of exit

IET

Must earn an industry recognized credential *within* one year of exit

Credentials in a Nutshell

Exit Based Measures Employed/Enrolled

Employed/Enrolled

% Measure of those Employed or Enrolled in
Postsecondary Quarter 2 after exit and Quarts 2-4 after
exit

Matched by SSN Collections (UI Wages)
Manual Employment Data Entry
Clearinghouse Matches

ALL The Measures

Grantees are contractually required to meet each program year:

- Participant enrollment targets
- Measurable Skill Gains (MSGs)
- Exit-based outcomes, as outlined in the General Appropriations Act (GAA) and passed by the Texas Legislature, as follows:
 - Employed/Enrolled Q2 Post-exit
 - Employed/Enrolled Q2–4 Post-exit
 - Credential Rate

The following contracted measures are based on WIOA federal performance measures:

- Employed Q2 Post-exit
- Employed Q4 Post-exit
- Median Earnings Q2 Post-exit
- Effectiveness in Serving Employers

A Little More Detail – Enrollment Targets

Participant enrollment targets

Grants under 231 Applications

- Total Enrollment
- IET Services
- Intensive Services, which include:
 - Workplace AEL activities;
 - Post Release Services for Second Chance Individuals or
 - Services for Internationally Trained Professionals

Grants under 243 Applications – Specific to IELCE activities

- Total Enrollment
- IET

Not So Fast...

You need students to get to 12 direct hours

But once they do, you are on the hook for outcomes

How do you ensure that these first 12 hours are rigorous and help the student determine if this program is really something they can commit to, how are you removing barriers that will impact persistence. What is the impact of throwing them into class without a proper assessment?

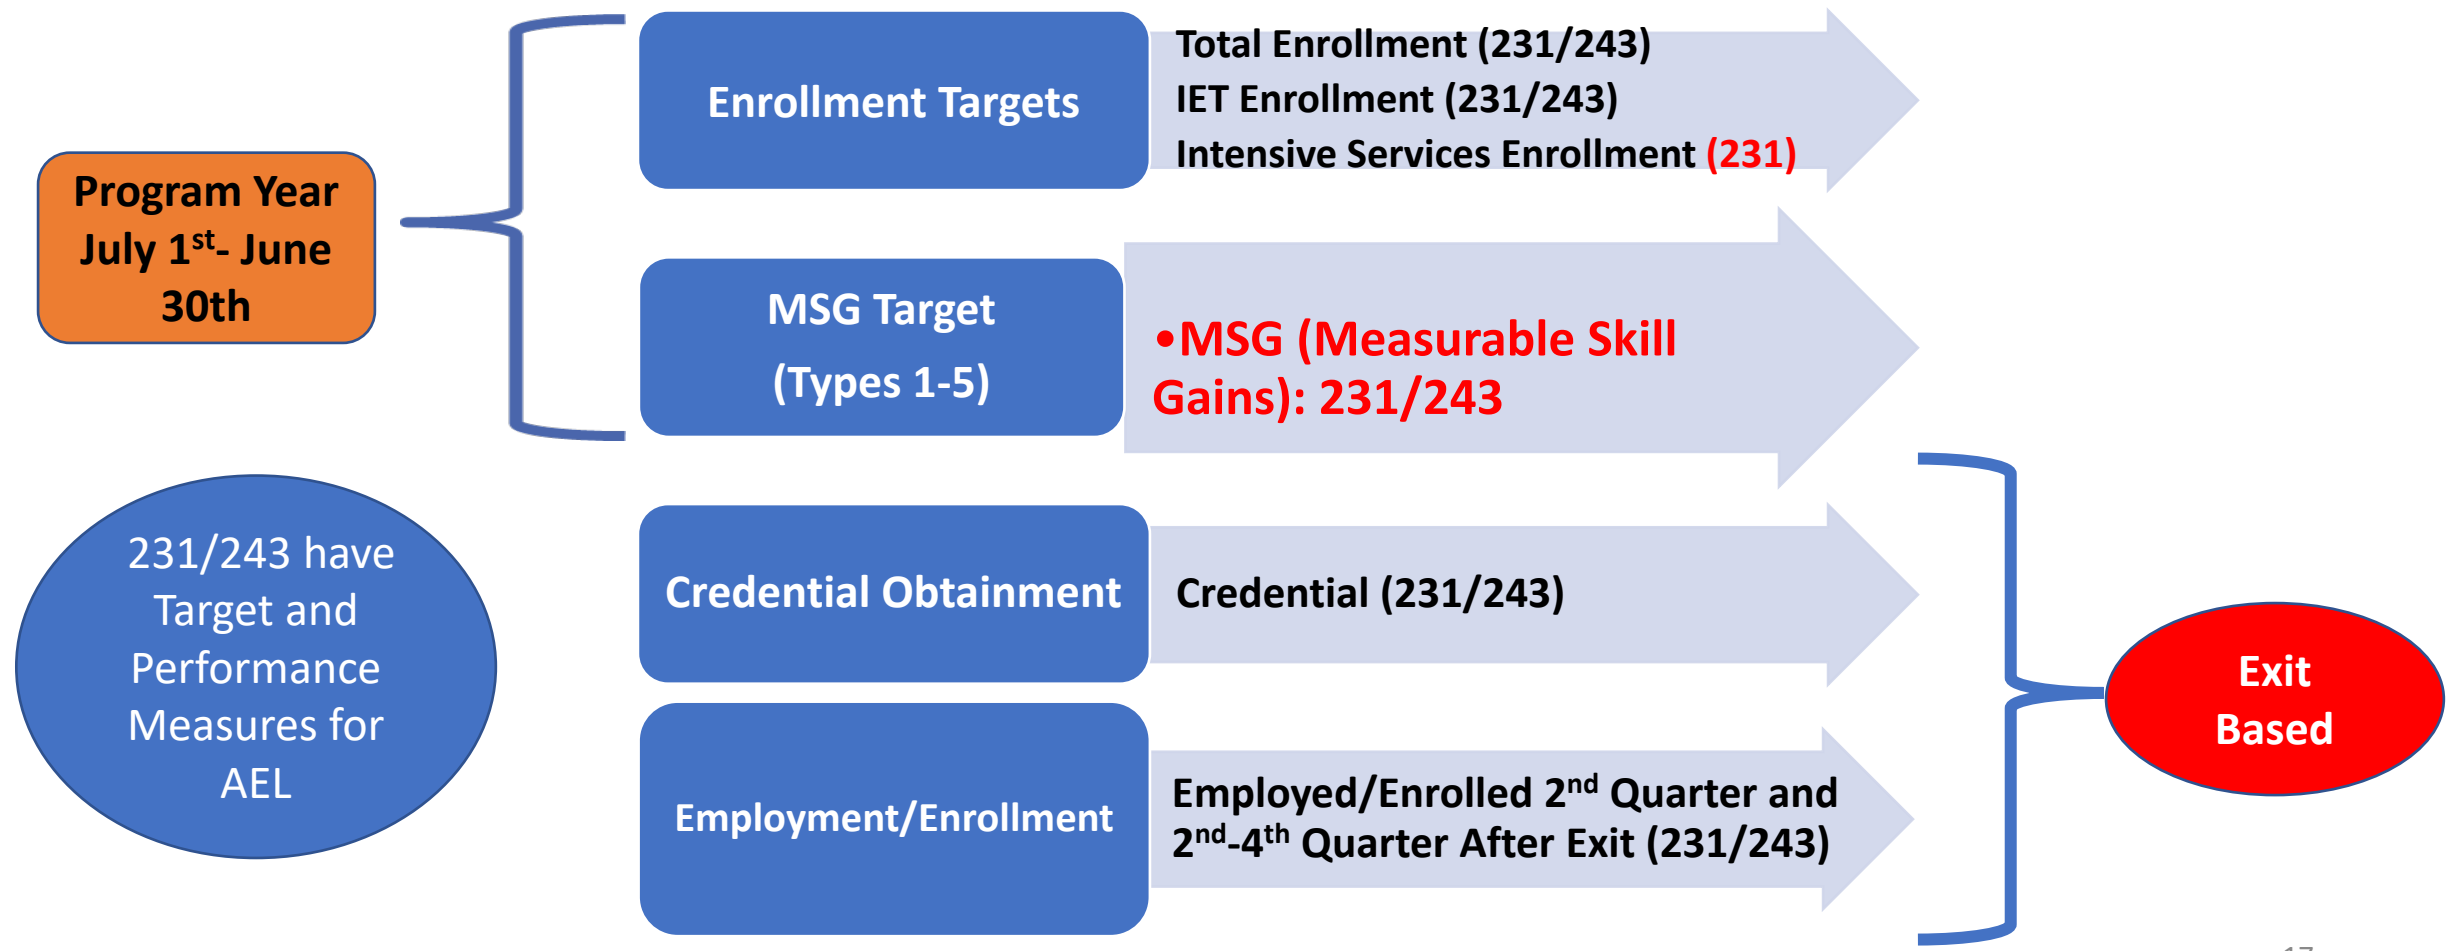

You hear “you need to meet these enrollment targets”, but what you should be hearing is “you need to be comprehensive in your assessment of their ability to persist/barrier identification and not just dumping volume”

Reflection Time!

- 1) At Your Tables or in the chat, make a list of the Targets and Outcomes?
- 2) How are Targets and Outcomes different for 243 and 231 Funding?

- How would you describe Measurable Skill Gains?

WHAT ARE MEASURABLE SKILL GAINS (MSGs)

- Documented academic, technical, occupational, or other forms of progress toward a credential or employment
- Interim measure during a program year **(July 1-June 30)**
- Measured during participation
- Common across Workforce Innovation and Opportunity Act core programs (with slight variations)
- **AEL Performance Guide Workforce Program Guides - Texas**
Workforce Commission

Measurable Skill Gains (MSGs)

Performance is measured each program year for a participant (12+ hours).

- Denominator: Individuals with 12+hours
- Numerator: Individuals with 12+hours that make a Gain during the Program Year (July 1-June 30)
- MSG Target is a moving target based on total participant enrollments and the % of those individuals that have made a gain within the Program Year

Measurable Skill Gains		
Type	Name	Details
Basic Education MSGs		
Type 1a	Achievement on a Pretest-Posttest	Documented achievement of at least one educational functioning level of a participant who is receiving instruction below the postsecondary education level
Type 1b	Postsecondary Enrollment	Documented Post-Exit enrollment in postsecondary education or training during the same program year that contains the date of exit
Type 2	HSE Achievement	Documented attainment of a high school equivalency (only applicable to those who did not have diploma/equivalency at date of participation)
Workforce Training in Integrated Education and Training MSGs		
Type 3	Postsecondary Transcript or Report Card in IET	Documented postsecondary transcript or report card that shows a participant is meeting the Texas academic standards for 12 hours in a semester during the Program Year or 12 hours within a 12 month period that ends in the Program Year (for part-time students)
Type 4	Progress Milestones in IET	Satisfactory or better progress report, towards established milestones, such as completion of OJT or completion of one year of an apprenticeship program or similar milestones, from an employer or training provider who is providing training
Type 5	Skills Progression in IET	Successful passage of an exam that is required for a particular occupation or progress in attaining technical or occupational skills as evidenced by trade-related benchmarks, such as knowledge-based exams

Type 1a: Pretest-Posttest Gain

- Pretest is needed to establish a baseline
- Participants must reach content hour requirements per Test Publisher to be posttested, unless justification is provided and filed
- Grantees/Providers must posttest with same test (CASAS to CASAS/Best to Best/TABE to TABE)
- Participants must be registered in class(es) with testing instrument that they are being posttested with (if testing instrument is changed, class(es) registration need to be changed/mirrored to add that new testing instrument- if not, Gains will not be captured in TEAMS)
- Expired Tests will not yield a Gain-please posttest prior to expiration of tests if baseline is not established in the program year

Things We Know That Influence MSG Performance

1. How many students persist to capture a post test or other MSG?

2. How many students aren't tested timely?

3. How many of your participants are earning something other than post test gains?

So, what can you do to better understand which of these factors applies to you?

Reminders

- All students with 12 or more hours (participants) are on the hook for MSGs within the Program Year
- Planning for MSGs during Intake and Comprehensive Assessments is Important (ITEC)
- Instructors are the most important position when it comes to student gains, retention, and success (leading with the end in mind)
- Develop ways to assist students in reaching goals (student focused)

Given these pre-test scores, in which Domain can a participant make a gain?

- Participant pre-tests in the following levels:
 - Math – Level 1
 - Reading – Level 3
- ***Both!*** A gain in any domain counts under WIOA, not just the domain of significance.

Given these post-test scores, did the student earn a gain?

Pre-Test	Post-Test
Math – Level 1	Math – Level 1
Reading – Level 3	Reading – Level 4

Given these post-test scores, did the student earn a gain?

Pre-Test	Post-Test
Math – Level 1	Math – Level 1
Reading – Level 3	Reading – Level 4

Yes! Type 1a A gain in any domain counts!

Does it count as a gain for PY 22-23?

A participant pretests at Level 4 in math and Level 4 in reading. They earn their HSE in Texas on July 2, 2023.

Does it count as a gain for PY 22-23?

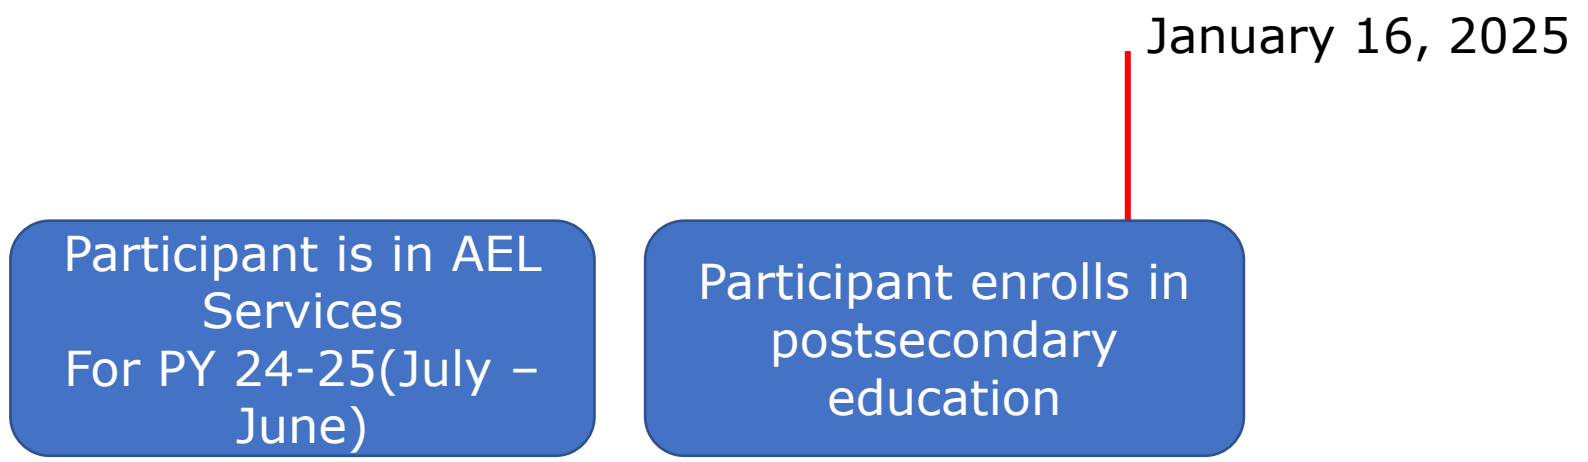

A participant pretests at Level 4 in math and Level 4 in reading. They earn their HSE in Texas on July 2, 2023.

***NO, not for PY 22-23!** To count as an HSE Achievement gain, the HSE must be earned by June 30, 2023. The provider would need to collect another basic education gain to earn performance.*

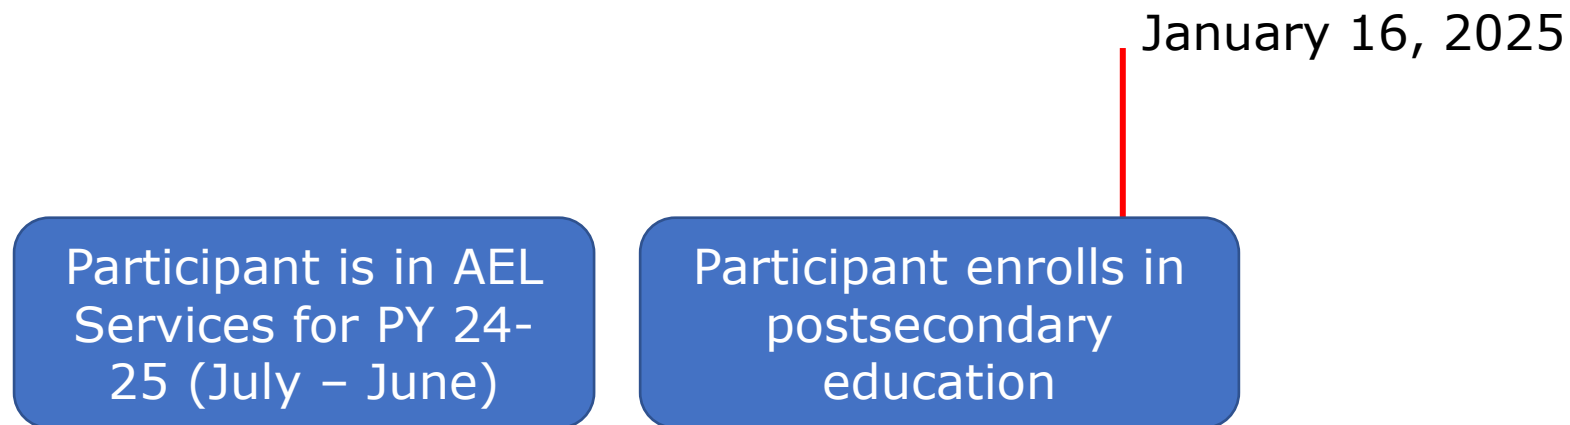

The fact that the participant is at Level 4 in math and reading is irrelevant.

***But,** if instruction continued past June 30, 2023 (even one day), then this would count as a **Type 2** gain in PY 23-24.*

Does it count as a gain for PY 24-25?

Does it count as a gain for PY 24-25?

**YES! Type 1c participant was in AEL Services and then Enrolled in Postsecondary within same program year! This is considered an MSG as of July 1, 2024.
Remember documentation must be filed! * Newly Approved Gain**

Does it count as an MSG for a Workforce Training (IET) participant?

- To earn a CDL Certification a participant must pass both a written and separate hands-on performance test.
- An IET CDL participant passes the *written* portion of the certification test but, fails the hands-on.
