

Adjusting Pop-ups in Google Chrome

Google Chrome is the #1 internet browser that we recommend when using the PD Portal because it is the most compatible. When using the PD Portal, pop-ups should be “allowed”.

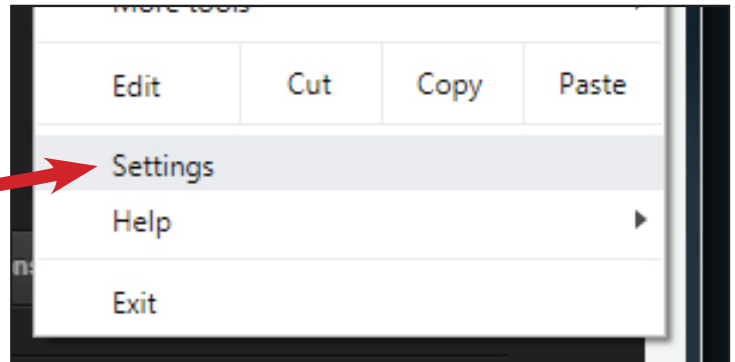

1) **Open** Google Chrome browser.

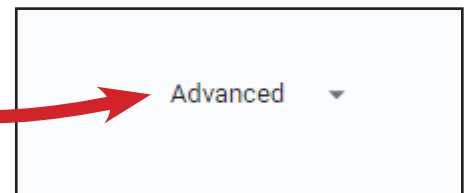

2) **Click** on the three dots in the upper right corner.

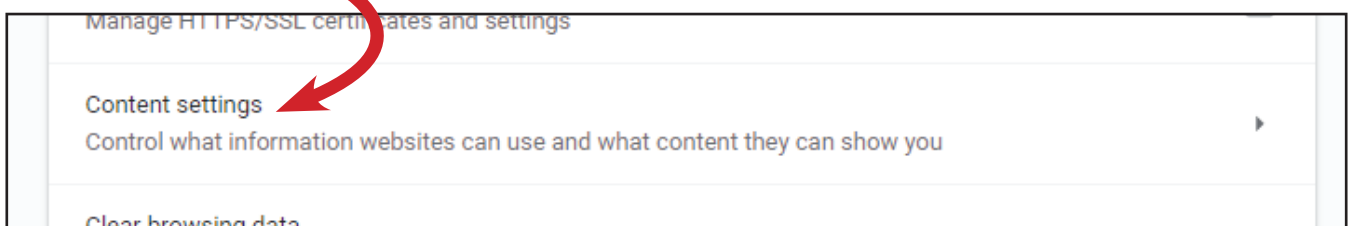

3) **Click** on “Settings”.

4) **Scroll** to the bottom of the page and **click** on “Advanced”.

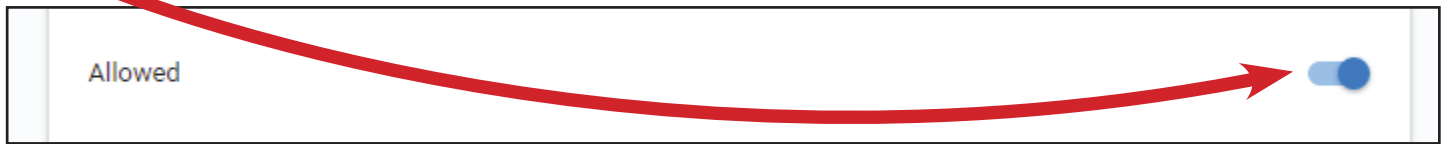

5) **Scroll** down to and **click** on “Content Settings”.

6) **Scroll** down to and **click** on “Pop-ups and Redirects.”

7) **Click** the button so that pop-ups and redirects are “allowed”.

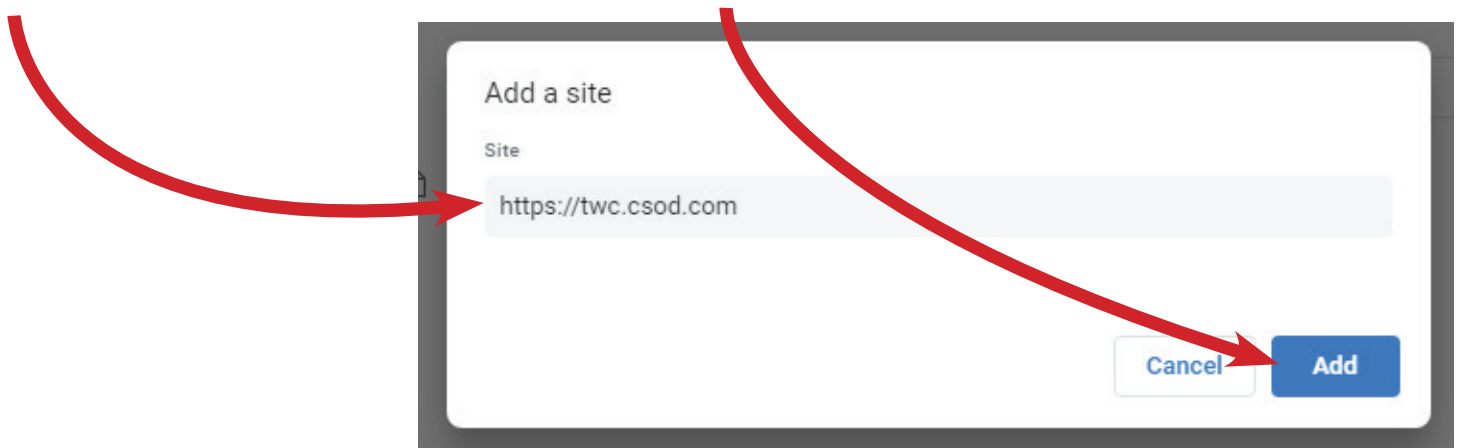

You can now close the current browser tab (Settings).

Optional Adjustments

1) **Scroll** down to the “allow” section and **click** the “add” button.

2) **Type** in <https://twc.csod.com> and **click** “add”.

You can now close the current browser tab (Settings).
