

Adjusting Pop-ups in Mozilla Firefox

Google Chrome is the #2 browser that we recommend when using the PD Portal. When using PD Portal (#1 being Chrome), pop-up blockers should be disabled.

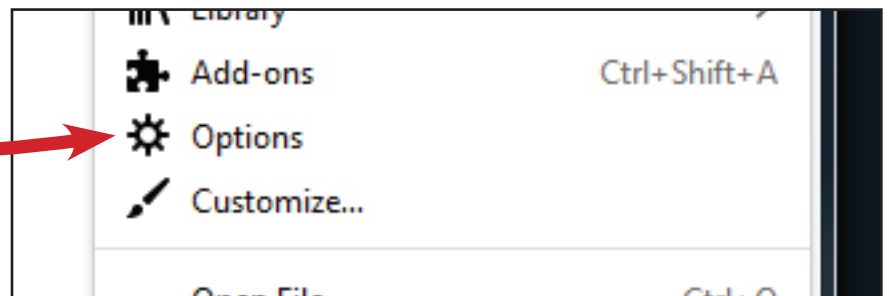

1) **Open** Mozilla Firefox browser.

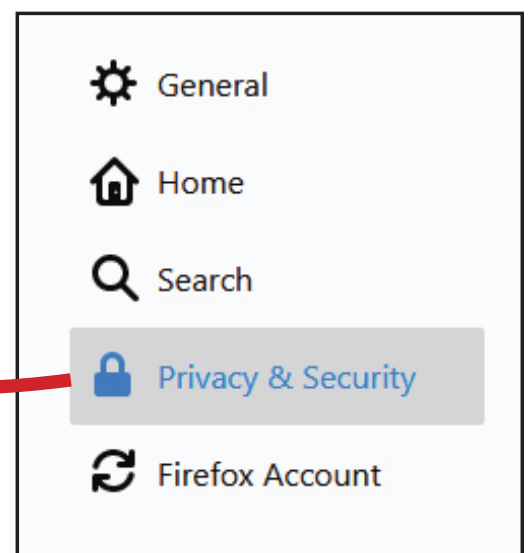

2) **Click** on the three lines in the upper right corner.

3) **Click** on “Options”.

4) On the left side, **click** “Privacy & Security”.

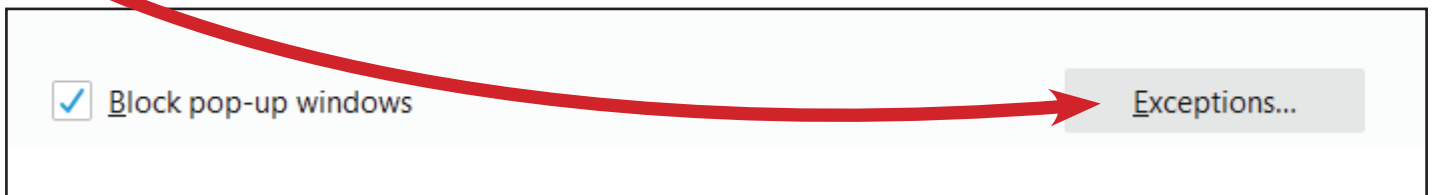

5) **Scroll** down to “Permissions” and **uncheck** on “Block pop-up windows”.

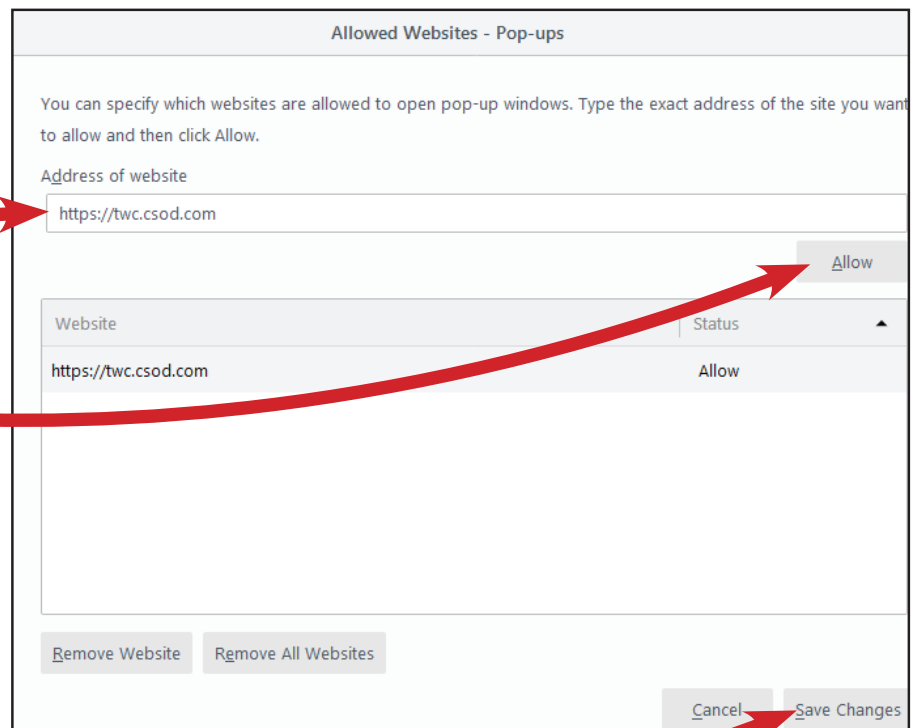

Optional Adjustments

1) **Click** on “Exceptions...”.

1) **Type** in
`https://twc.csod.com`

2) **Click** “Allow”,

3) **Click** “Save Changes.”
