

Using the Curriculum Player

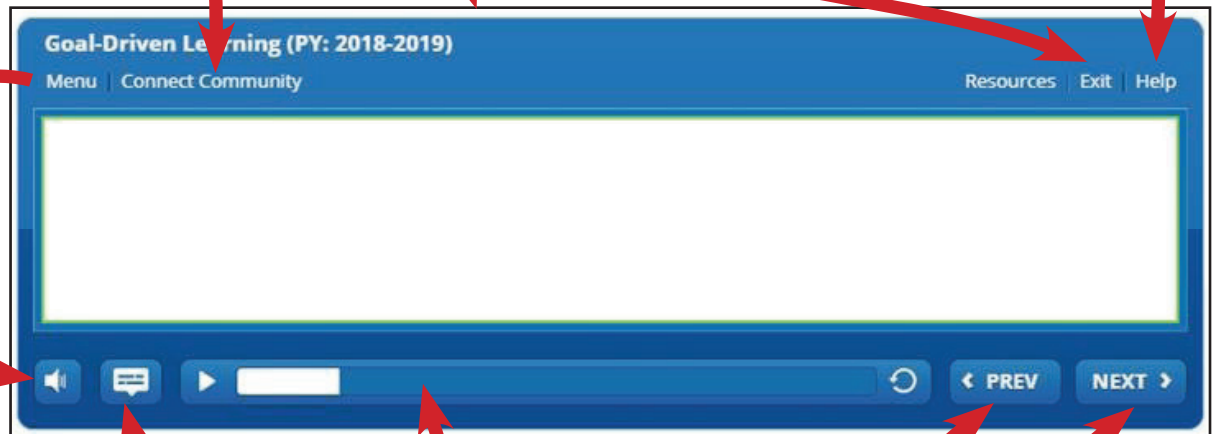

When completing curricula (online courses), a **curriculum player** is used as the platform to display content.

The **Connect Communities** tab will bring you to the discussion board where you can post in a Community of Practice.

If you want to **Exit** the online class and return later to finish, click Exit. This will save the work and allow you to resume where you left off.

The **Help tab** will allow you to email us at PDPortal@tamu.edu if you are having specific technical issues or need assistance navigating the curriculum player.

NOTE: This feature will only work if you have your email account open.

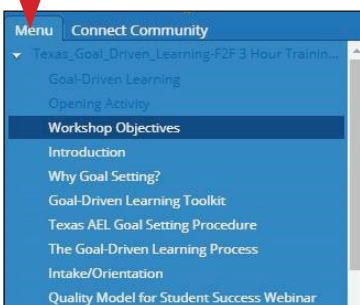

This **megaphone icon** is your volume. You can turn it up or down here.

If you click on the **message icon**, you can turn the closed captions on or off.

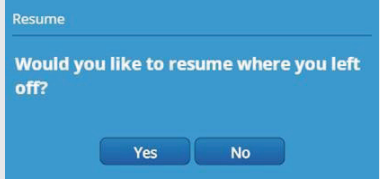

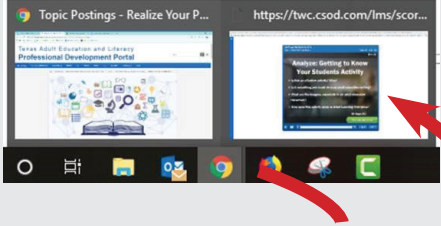

This is your **tracking bar**. As you get close to the end of the slide, it will fill up.

Use the **Previous and Next button** to move to the previous or next slide. The Next button may not be available until the tracking bar has filled up for that slide.

The **Menu tab** includes sections of the course. If they are greyed out, you have completed them and can review the content at any time. If sections are white, you still have to complete them before moving forward.

Troubleshooting

IF	THEN
 <p>Your screen shows a spinning circle and will not load the content,</p>	<p>restart your computer and try again.</p> <p>Restarting doesn't work?</p> <ul style="list-style-type: none"> • Close all other web browsers and programs. • Connect your computer directly to the modem; do not use Wi-Fi. • Use Chrome internet browser since it is the most compatible with the PD Portal. • Find another location to complete the course that has a stronger internet connection.
<p>You would like to continue a curriculum where you left off,</p>	 <p>click YES when a message asks if you “Would you like to resume where you left off?”</p> <p>Note: Some recorded webinars will resume at the beginning of the section that you were working on, not the exact spot you exited.</p>
<p>You submitted your test and it says “Pending Grade”,</p>	 <p>it means it has a question that a TCALL staff member needs to grade. This can take up to 2 business days.</p>
<p>You need to post in a Connect Community and navigate back to the Curriculum Player,</p>	 <p>hover on top of your internet icon and click on the site with the curriculum player.</p>

Did You Know?

The Curriculum Progress wheel shows how many tasks of the curriculum you have completed; not how much of the online class you have completed.
