

# What I Learned About Computers

Read some of the things we learned about computers in the class.

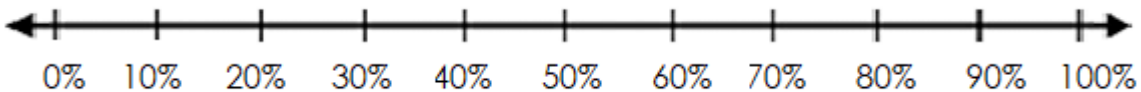

<b>How much did you know the FIRST day you came to class?</b> Mark an X on the number line.	<b>How much do you know TODAY?</b> Mark an X on the number line.
1. I can listen and write down passwords that have lowercase and uppercase letters, numbers, and symbols. 	
2. I can setup and login to a computer. 	
3. I can open Google Chrome from my desktop. 	
4. I can type in gmail.com in the address bar and press the enter key to go to Gmail. 	
5. I can identify text and email messages, pop-up windows, and advertisements that are scam. 	

# What I Learned About Computers

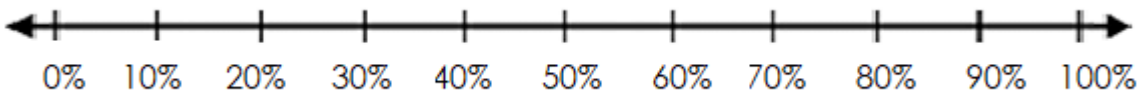

6. I can sign in to and sign out of my Gmail account.

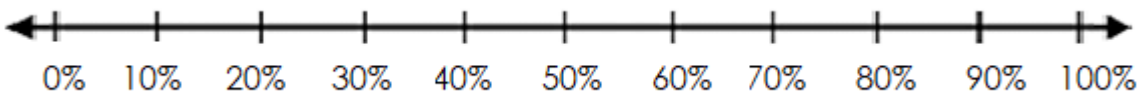

7. I can do an Internet search by typing search terms in the address bar and pressing the enter key.

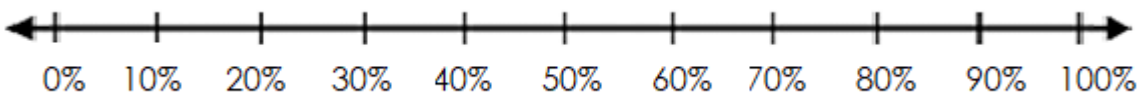

8. I can click on a search result that is a safe website.

9. I can look for information on the search result.

10. I can use the back arrow on Chrome to go back to my search results.

11. I can close Chrome and use Ctrl/Alt/Delete to Sign Out of my computer.
