# Reviewing Course Content After Completion

If you have already successfully completed a course but want to review the content, please follow the steps below.
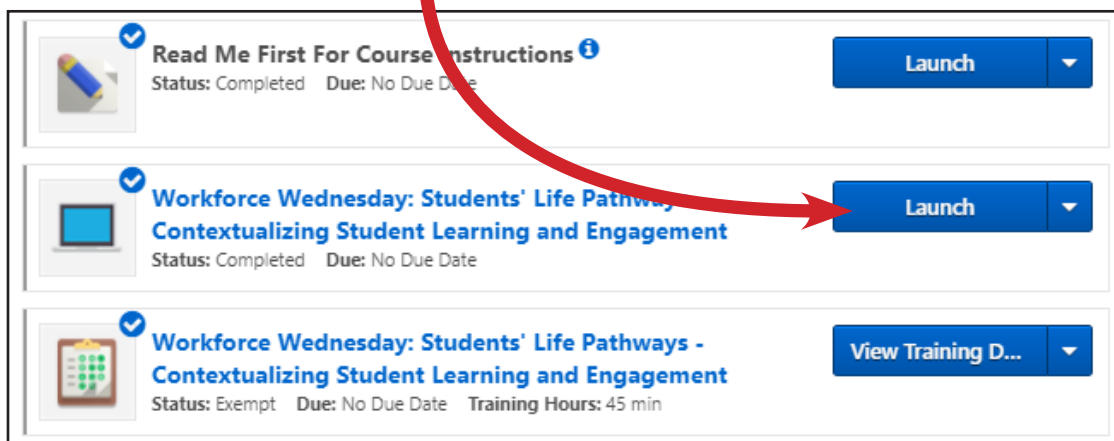

1. From your Learner Home page, click on **Completions.**

2. Click the down arrow next to **View Certificate** of the course you wish to review and click on **Open Curriculum.**

3. Then click on the **Launch** button next to the computer screen icon to review the content in the course.

! NOTE: The computer screen icon represents the online class (also known as the video lesson).
